ABOUT FINE GARDENING SERVICES

Fine Garden Services focus on the health and beauty of your garden. It includes a variety of tasks throughout the growing season including: weeding, deadheading, container maintenance, pruning, dividing and transplanting, soil amendments, monitoring plant health, and remediating pests and disease.

At Concord Design and Landscape, we strive to provide attention to detail, while using sustainable and organix solutions (like OMRI certified products) to keep your garden looking and growing its best.

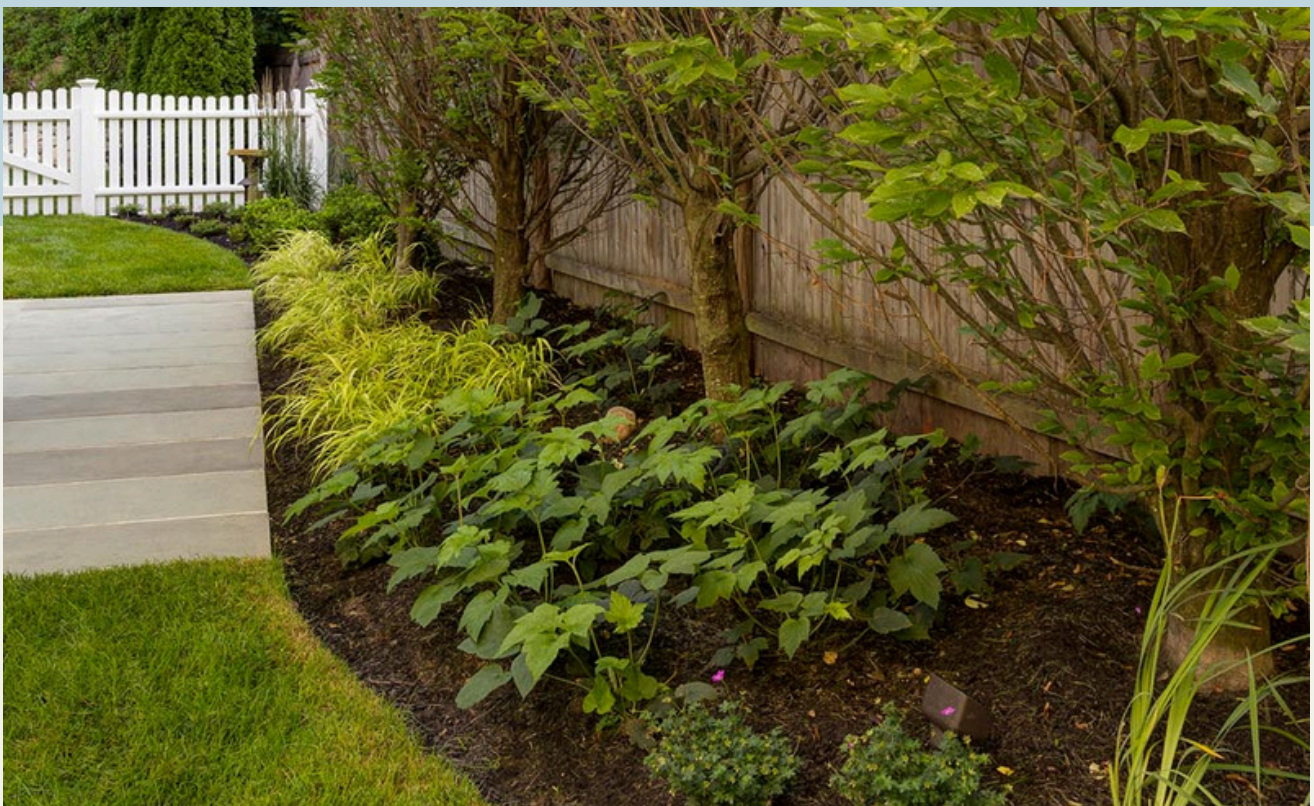

À La Carte Services

Add-ons to your fine gardening contract

- Garden design and installation of new beds
- Spring and summer bulbs, plant replacements that are not guaranteed
- Soil testing - \$100 basic soil (per area) \$300 - heavy metals for vegetable gardens
- Extra garden visit at hourly rate, 8 hour minimum (\$500/visit)
- Garden walks with Director of Horticulture to discuss garden needs (\$150/hour)

Single Point of Contact

All your landscape needs managed through Concord Design and Landscape. Handling of phone calls, scheduling, and billing for any additional landscape services. Complement any frequency of fine gardening visits and monthly walks with Director of Horticulture to assess garden and discuss any needs.
